Border Searches in a Digital Age: A Selective Overview of Issues in U.S. Law

Dienstag, 22.10.2019,
12h15-13h45

Wirtschaftswissenschaftliche Fakultät
Basel, Seminarraum S. 13 HG.35
Peter Merian-Weg 6, 4052 Basel

Katherine Strandburg is the Alfred Engelberg Professor at NYU School of Law and the faculty director of NYU's Information Law Institute. Issues concerning protection of privacy in an increasingly connected world have been at the core of her research for years. In her presentation she will discuss some current issues under U.S. law relating to data privacy at the border. Prof. Sabine Gless will then comment on Schengen/European approaches to these issues. Discussion will follow.
